## Medical Information Sheet

Please present this medical information sheet to a licensed health care provider to guide them in filling out the attached staff health form. You need only return to us the completed health form and *Authorization to Treat and Release of Information Form*.

*The Tennis Academy* at Harvard requires the following medical information:

- I. **Health History**— Must include the staff member's name and home address. The name, address, and phone number of an individual, if any, to be contacted in the case of an emergency; past and current major illnesses, allergies and conditions, and current medications. Signature of your physician.
- II. **Physical Examination**— Conducted sometime since August 16, 2006 (during the preceding 24 months from the last day of 2008's camp).
- III. **Certificate of immunizations**— In compliance with *Massachusetts State Department of Public Health Regulation 450.152(B)* which includes the following:

Measles Vaccine— Exempt if born before 1957, two doses of live measles containing vaccine administered at/or after 12 months of age (at least one month apart) are required.

Mumps Vaccine— Exempt if born before 1957, at least one dose of mumps vaccine administered at/or after 12 months of age are required.

Rubella Vaccine— Exempt if born before 1957, at least one dose of rubella vaccine administered at/or after 12 months of age are required.

Diphtheria and Tetanus Toxoids\*— At least three doses of DT/Td are required.

\*A booster dose of tetanus/diphtheria, adult type (Td) is required if more than 10 year have elapsed since the last dose.
